PROFESSIONAL SUMMARY

Data Scientist with a Bachelor's degree in Computer Science and a certificate in Data Science. Proficient in machine learning, statistics, Python, Tableau, and data analysis. Demonstrated ability to apply data-driven solutions to solve business problems and deliver actionable insights.

EDUCATION

AVS College Of Technology – *Salem, Tamil Nadu*

2019-2023

- Bachelor Of Engineering, Computer Science
- Cumulative GPA: 7.9

ExcelR – *Bangalore, India*

6-jan-2024

- DATA SCIENCE
- Certificate with Distinction

EXPERIENCE & INTERNSHIP

AI Variient

3 months

- Analyzed data and provided insights at AI Variient, an analytics firm offering best-in-class products.
- Demonstrated deep expertise in analytics and domain knowledge across various projects.
- Thrived on tackling meaningful challenges within project assignments.

SKILLS

- **Languages:** Python, MySQL, R, Basic HTML, CSS, JavaScript | **Visualization:** Tableau
- **Tools:** Basics of Azure, Apache Spark, Hadoop
- **Software:** MS Office (Word, Excel, PowerPoint)

PROJECTS

Analysis of Hotel Review

Feb 2024

- Conducted sentiment analysis on user reviews using Naive Bayes, Random Forest, and Support Vector Machine classifiers. Evaluated performance across different parameter configurations to categorize reviews as positive or negative.

Improvement Of Data Through-put in Data-Intensive Cloud Computing

April 2023

- Introduced a privacy-preserving mechanism for public auditing of shared data in the cloud using ring signatures to generate verification metadata.

CERIFICATES

- DATA SCIENCE Certificate - ExcelR [Certificate](#)
- Diploma in Computer Application – CSC [Certificate](#)
- Python Workshop – Python [Certificate](#)
- AI Powered Performance Ads Certification – Google [Certificate](#)
- Excel for Beginners – Great Learning [Certificate](#)
